

# Hammond Education Foundation

## Annual Give Fundraiser

Every child in Hammond deserves a quality education. In a district where the majority of students are enrolled in the free and reduced lunch program, we believe that an empowered teaching force is the lever in addressing the very real gaps affecting our school district and community. Help us ensure Hammond students succeed – in school and beyond. Let's move our school city forward!

### Scholarships

Funding some of the costs associated with the first year of college

### Acorn Grants

Driving teacher innovation by providing financial support to extraordinary learning experiences

### College Persistency

Providing college mentors to mitigate the risk of students dropping out of college

### Blueprint Program

Building a path to college and fostering a culture of success
